Message from the Headmaster

Citipointe students and staff are grateful for the generosity of those who donate to the College through our Annual Appeals. The financial support given over and above tuition fees, builds the fabric of the College through which foundations are laid for their future. As a result other reserves are freed up for non-tax deductible projects, like the proposed redevelopment of the drop-off zones near Grace House and the Science Centre.

Please consider your response to this year’s appeal.

Our new Master Plan will take your breath away!

Give a gift that lasts a lifetime

When you give, you make it easier for the College to provide the best possible learning experience for our students now and in the future. This year, all gifts donated to the Building Fund will contribute to the first stages of the new master plan.

What will our College look like in 10 years time?

Imagine the College grounds with a dedicated Centre for Creativity, extra learning spaces for our growing community, the redevelopment of the drop-off zones with undercover seating for our students or lighting on the main oval?

The campus that your students enjoy today would not have been possible if it was not for the generosity of many Citipointe parents, past students, past parents, alumni, grandparents and staff adding to funds derived from government sources.

Donations to the Citipointe School Building Fund, Scholarship Fund and Library Fund are tax deductible.
