

SCHOOL TO STAGE CREATIVE ARTS

PRESENTS

CITIPONTE SPEECH, DRAMA, & ACTING PROGRAMS

Extra-Curricular Speech, Drama, and Acting classes are offered for both Primary and Secondary students, starting from Year 1.

These classes are a great way to develop not only acting and performance skills, but also confidence in public speaking, problem solving, team work, creative thinking, initiative, motivation, improvisation, and good work ethic.

School to Stage Creative Arts also offers additional after-school workshops with visiting industry specialist throughout the year. These have included stage, screen, and voice actors, puppeteers, clowns and circus performers, action and fight scene choreographers, photographers, directors, writers, and university lecturers.

Primary School Program: Speech & Drama

Through games, exercises, and performance opportunities, students learn valuable creative skills, including character interpretation through movement and voice, dialogue delivery, audition etiquette, scripting and line learning, and being part of a wider production.

Stage acting, mime, performance poetry, roving character acting, and acting for film and tv are all taught at a primary school level.

Secondary School Program: Acting Essentials

Students are given more responsibility when it comes to the creation of scene work, from script writing and character development right through to costuming and staging. At this higher level, the program hones in on essential acting skills for the professional performer. It provides insight and experience that will be highly valuable both in the creative industries and anywhere that confident communication skills and outside-the-box thinking are required.

Stage acting, advanced improvisation, acting for film and tv, and the creation of original scene content (monologues and group dialogue) are taught at a secondary school level.

- Primary Group classes: during break times, before and/or after school
40 mins* (*10 minutes of eating time is allowed at the start of morning tea and lunchtime classes, hence a total of 40 minutes. As eating time is not needed at the start of before or after school lessons, classes held during these times are 30 mins long.)
- Secondary Group classes: before and/or after school
60 mins
- Private classes: 30 mins
 - For extension and support
 - For Eisteddfods and/or exams
