OVERSEAS STUDENT POLICIES

The College has in place a range of policies that guide its interactions with overseas students, and which describe the roles and responsibilities of each party. These policies are in place to help you continue meeting the requirements of your student visa.

The Overseas Student policies address issues such as:

- the conditions of your enrolment
- course progress requirements
- attendance requirements
- welfare and accommodation (homestay)
- transferring to another education provider
- suspending and cancelling your enrolment
- complaints and appeals

You should become familiar with these policies so that you understand what is required of you with regard to maintaining the conditions of your student visa.

The policies are available on the College website at <https://citipointe.qld.edu.au/international/policies/>

VISA REQUIREMENTS

Attendance

Maintaining satisfactory attendance is a condition of your student visa.

The College policy is for 100% attendance. You are expected to be at school every school day Monday to Friday (except public holidays) during term. Late arrivals at the College will be recorded and will be included in attendance calculations.

Make sure you and your parents know the term dates so that you do not arrive late or leave early before or after the term breaks. The College website has the term dates and holidays for this year and next year: <http://citipointe.qld.edu.au/my-citipointe/calendar/>.

For more information about what is required, see the *Overseas Student Course Progress, Attendance and Course Duration Policy* on the College website at <https://citipointe.qld.edu.au/international/policies/>.

Change of contact details

If you change your contact details, you must give your teacher your new address details **within 7 days**. This is a condition of your student visa. You may not change homestay arrangements without College approval.

Course Progress

Maintaining satisfactory course progress is a condition of your student visa.

You need to work hard and ask for help when you need it. Your teacher is the best person to ask first.

For more information about what is required, see the *Overseas Student Course Progress, Attendance and Course Duration Policy* on the College website at <https://citipointe.qld.edu.au/international/policies/>.

COMPLAINTS AND APPEALS

The College has a complaints and appeals process that you can access if you have a complaint about an aspect of your experience at the College or if you disagree with a decision made by the College with respect to any aspect of your enrolment and wish to have that decision reviewed.

For more information about this process, see the *Overseas Student Complaints and Appeals Policy* on the College website at <https://citipointe.qld.edu.au/international/policies/>.

Internal Complaints Process

The first stage in the process is internal and is dealt with by designated College staff, with the Principal making the decision about your complaint or appeal. As part of the process, you will have the opportunity to present your case to the Principal and may be accompanied and assisted by a support person at all relevant meetings. The process is confidential and any complaints or appeals are a matter between you and those concerned or directly involved in the complaints handling process.

Consideration of your complaint or appeal will commence within 10 working days of the lodgement of your complaint or appeal with the Principal. Once the Principal has come to a decision regarding your complaint or appeal, you will be informed in writing of the outcome and the reasons for the outcome, and a copy will be retained on your file.

If the process finds in your favour, the College will implement the decision and any corrective and/or preventative action within 14 days, and advise you of the outcome. The College undertakes to finalise all grievance procedures within 20 working days.

For the duration of the appeals process, your enrolment and attendance must be maintained.

External Appeals Processes

If you are dissatisfied with the conduct or result of the complaints procedure, you may, within 2 weeks, progress to the second stage of the process, which is to seek redress through an external body such as the Commonwealth Ombudsman. Further information is available on processes for handling complaints and appeals and timelines for reporting of students via the website of the Commonwealth Ombudsman (<http://www.ombudsman.gov.au/How-we-can-help/overseas-students>)

Other legal redress

Nothing in the College's *Overseas Student Complaints and Appeals Policy* negates the right of an overseas student to pursue other legal remedies.
